Session 3: August 4, 2008 – August 15, 2008

This is a perfect opportunity for players planning on competing in high school and grammar school to develop their skills and bring their game to a higher level. We will teach your child to understand volleyball starting from the history of the game and going through all the basic fundamental skills required to play volleyball. The skills will include: serving, passing, setting, hitting, blocking and court positioning.

We have a great indoor facility with experienced staff to coach your child in every aspect of the game.
